THE NEW YORK TRAGEDY AGAIN.—The coroner's jury, convened after the late New York tragedy, has returned a verdict which puts all former verdicts of this description to the blush. The conclusion arrived at is that the children died of suffocation—a wonderful discovery to be sure—and that, though the balusters were too weak, nobody in particular is to blame for this. Was there ever a more farcical proceeding? So long as this excessive repugnance exists, on the part of coroner's juries, against censuring the culpable, accidents like the late disaster in New York must be of frequent occurrence.

ESSENCE OF COFFEE.

WONDERFUL DISCOVERY!

All must admit there never has been given such a mass of genuine testimony in favor of any other medicine. Give it a trial! It curves when all other remedies have fulled. Greater weight of testimony cannot be given—from the first men in this country.

Greater weight of testimony cannot be given—from the first men in this country.

Baltimore, Sept. 18, 1851.

Gentlemen: After a full and satisfactory trial of the medicine prepared by you, and very generally known as Dr. Hampton's Vegetable Tincture, which you recommended me to use as a selief for the debility and general prostration of my system, the result of taking three bottles of this wonderful compound has, I am pleased to say, resulted in a restoration of strength, a keen appetite, and an activity of body which I have not enjoyed for a long time. So satisfied am I of the virtues of this medicine, that I have confidently recommended it to many of my friends and acquaintances, and am happy to learn that in a great majority of cases the most beneficial results have stamped the infallibility of the Tincture. In my own case, I am satisfied that your advice to me to give it strial has, under the blessing of a kind Providence, resulted in a restoration to health, for which I am truly thankful.

Respectfully, JOS. K. STAPLETON, 198 W. Baltimore street.

More Home Testimony.—None need Despair.

Try 1T and be Cured.—Wonderful and permanent ture of Mowbray.—Gentlement: This is to certify that in the year 1843 I was attacked with a nervous affection, in consequence of Dyspepsis or Indigestion, which continued some eighteen months, during which time my sufferings were intense, both of body and mind. I tried every thing I could think or hear of, (as there was much sympathy for me,) and at length all offorts failed to cure me. I became much weekened, and could walk but a very short distance at a time, and was often in the act of falling upon the pavement, (I would stop in some door or alley to prevent is,) in consequence of frequent palpitations; and, from what I could learn, I supposed I had disease of the heart, from frequent distressing pains about the same; as also my chest and abomen—the latter being much distended. At this stage of my disorder I could neither eat, sleep or walk with any astisfaction to myself. Life seemed to be a burden to me. My feelings were gloomy beyond description.

I at length heard of Dr. Hampton's Vegetable Tincture, and made trial of it. I had but taken the first dose when I felt a change for the better, and hope immediately Tincture, to improve daily, until I had taken the contents of three bottles, which, under Divine Providence, made a perfect cure of me.

I found I had an excellent appetite, and could partake of any food, which I could not do for years previously without the most distressing sensations. I now enjoy uninterrupted good health, and have done so for the last six years; and would say to all afflicted as I have been, to cast aside your prejudices, and try Hampton's Vegetable Tincture. Any information beside this but meagre description of my case will be given cheerfully for the benefit of the afflicted. Yours, WILLIAM M.OLDHAM, Custom-House; dwelling, Fayette st., near Fremont.

fit of the afflicted. Yours, WILLIAM M.OLDHAM, Custom-House; dwelling, Fayette st., near Fremont.

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

BAITMORE, Sep. 18, 1851.

Messrs. Mortimer & Mowbray—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely excruciating suffering, from Chronic Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persuasion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his) to make generally known the healing power of this truly wonderful medicine. Yours, most respectfully,

JAMES P. MERRITT,

187 Baltimore street.

WASHINGTON, August 1, 1851.

WASHINGTON, August 1, 1851.

SIR: After consulting many persons interested in the principal Railroads in the United States, the undersigned propose to establish agencies in this city and in New York, for the purpose of collecting full and authentic Railroad statistics and such other information as will signed propose to establish agencies in this city and in New York, for the purpose of collecting full and authentic Railroad statistics and such other information as will enable them to serve persons desiring to invest in Railroad securities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorize the Post Office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent. bonds of the United States, chargeable upon the revenues of the Post Office Department, an amount, the interest upon which at 6 per cent. would equal the payments now made.

The Government now pays \$360 per mile for carrying the mail on first-class Railroads. This is 6 per cent. on \$5,000. The undersigned would urge that, instead of paying \$300 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$300 to \$250 a mile, per annum, and the \$50 a mile saved would create a sinking fund, which will, in a few years, pay off the bonds, and give the use of such roads forever thereafter free of all charge; thereby effecting a vast saving on the present annual expenditures of the Post Office Department, and a consequent reduction of the rates of postage.

The effect will be no less advantageous to Railroad companies than to the Government. For instance, such a contract would give to the Baltimore and Ohio Railroad Company more than \$2,000,000, which would enable that company to complete its road at an early day, and greatly increase its business and profits.

But to meet objections and impress the public mind with a sproper sense of the benefits to result from this measure will require concert of action and continued ac

ESSENCE OF COFFEE.

With 124 Cents to save four Pounds of Coffee!

This ESSENCE has been proved by many thousands of the richest and most respectable families, as well as by the poorer class of people, almost through the whole United States, to be by far the best preparation of Coffee ever offered to the public. Coffee made by this Essence is much more wholesome, more delicate, fine-flavored, perfectly clear, and, in every instance, superior to the finest Java coffee.

In order to give full satisfaction and proof that the above article is perfectly healthy, and to show something of the deserved reputation it has gained and justly entitled to, we annex a few certificates and recommendations, particularly relating to health, from Dr. Booth and Dr. Chilton, practical Chemists and Analysists of the clics of Philadelphia and New York; also, from our Agents, all of whom are prominent Chemists and Druggists.
